# APPROVE REFERENDUM 74

The Children's Alliance urges you to Approve Referendum 74.

Public policy should support families to thrive and support their children – whether they are led by single parents, grandparents, married or unmarried parents or other loving adults.

Same-sex couples should be able to choose to marry, and provide their children with the same rights, benefits, and protections available to opposite-sex couples who choose to marry.

The children of loving same-sex couples are in schools, playfields and neighborhoods of every county in Washington. Every one of those children faces the potential perils of bullying, discrimination and violence, solely as a result of the makeup of their family. We have an opportunity, in approving R-74, to affirm the value of every family.
